WHO WE ARE

Advanced Care Medical Center was established in 2008 with an intention to provide high quality healthcare services at affordable cost to the working class community in the UAE. Advanced care group began the journey by setting up a medical center and Pharmacy in the heart of Al Qouz industrial area to serve the blue collar workers in the neighborhood. With the great vision and years of experience in the healthcare sector, Advanced Care Group today has gradually developed into a center of excellence in healthcare sector, delivering unparalleled medical care to the less privileged society at a large.

Our quality standards together with our tailor-made innovative schemes has benefitted our corporate clients so much that it has served us establish as one of the most trusted and fastest growing healthcare provider. Advanced care group is now successfully operating 21 facilities in UAE, which includes medical centers, pharmacies and drug stores. The upcoming projects under the Advanced Care Medical Centre are expected to add more family clinics to serve the residential clients in other emirates too.

With greater presence come greater challenges. However, Advanced Care has always maintained its commitment to the supreme quality at all stages. For this reason, it finds repute and preference among a variety of residential and corporate clients. Together, with a dedicated team of medical professionals and innovative technologies, we care for your wellbeing; we care for your quality of life.

16 YEARS OF OUR JOURNEY

VISION

Our vision is to endow with state-of-the-art treatment facilities that will enable us to provide high standards of Medical Care to the community at an affordable cost.

MISSION

Our Mission is to ensure sustainability through stewardship of the community's assets and provide quality services in a compassionate and cost-effective manner.

VALUES
